## Arctic

***A Visit To The North Pole (K-4)***  
DUF-101 (97 pps) \$14.95

Learn All About The Humans And Creatures That Inhabit The Arctic Region

Study the Inuit and their lifestyle and learn all about the wildlife found at the North Pole.

## Autumn

***Autumn Days (K-1)***  
DUF-207 (87 pps) \$14.95

Discover the Wonders of the Autumn Season

Autumn is a great season to study in your classroom. The landscape changes, leaves fall from the trees, gardens are harvested and animals hibernate. This unit discusses how leaves change colour, what animals and insects do in the autumn and how we prepare for autumn and winter. There are many fun and challenging activities for the young learner.

## Christmas

***The Christmas Express (K-2)***  
DUF-302 (90 pps) \$15.95

A Sleightful of Christmas Fun

Celebrate the magic and innocence of Christmas with your class. There are many fun songs to sing, poems to read aloud and even a Christmas play to perform. Your students will enjoy the many festive activities and will find success creating the many arts and crafts activities.

## Farm

***Cows & Pigs & Chickens & Such... (K-2)***  
DUF-103 (97 pps) \$15.95

Life On The Farm

A farm can be a very busy place. Animals are born, fields are planted, crops are harvested and cows are milked. Discover what's inside an egg, learn all about farm animals and grow your own plants. There are many fun and challenging activities to help your students learn all about farm life.

## Gold Rush

***Barkerville Bound (3-5)***  
DUF-102 (109 pps) \$16.95

The Story of the Gold Rush

The search for gold and all the riches it brings has intrigued men for many years. These gold seekers from the past helped to shape our province and country. Live life as it once was during the "glory days". Come on a search for gold and rediscover gold rush fever.

## Halloween

***Lil Spooks (K-1)***  
DUF-303 (91 pps) \$15.95

A Bagful of Treats

Give your class a treat and bring Halloween to life in your classroom. Your students will learn about spiders, bats, owls and Halloween safety and customs. There are many fun games to play and treats to make. You will find many hands on and fun activities to help your students celebrate Halloween.

***Black Bats, Cats and Witch's Hats (2-3)***  
DUF-304 (99 pps) \$15.95

The Story of Hallowe'en

Celebrate Hallowe'en with your class and help your students become aware of why we celebrate Hallowe'en and the customs and symbols associated with this spooky day. Your students will also learn about spiders, bats and owls. There are many challenging and fun activities to stimulate children's interest in this eerie day.

## Insects

***Amazing Ants (K-3)***  
DUF-200 (88 pps) \$14.95

An Adventure In Environmental Awareness

Take your class on an outdoor adventure in the search for ants. Your students will have fun while learning about the environment and the world around them.

## Outer Space

***A Space Adventure (K-1)***  
DUF-205 (85 pps) \$14.95

Rocket to the Stars

Blast off with your class into outer space. Guide your students through the solar system to learn about the planets, day and night, sun, moon and gravity. There are many fun and interesting activities to help your class learn about space.

***Incredible Space*** (2-3)  
DUF-206 (91 pps) \$14.95

A Beginner's Guide to the Universe

Our universe is full of mystery and wonder. Take your class on a star-studded tour through the universe to learn about the planets, sun, moon, day and night. This unit will build on your children's natural curiosity about our solar system.

### ***Pirates***

***A Pirate's Life!*** (K-3)  
DUF-100 (86 pps) \$14.95

A Treasure Chest of Pirate Facts & Activities

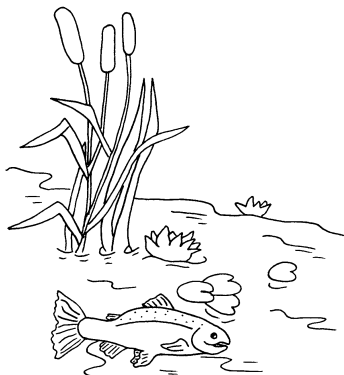

Everything you need to know about pirates and more is included in this fun filled theme unit. You and your class will enjoy the many challenging activities.

### ***Salmon***

***Salmon On The Run*** (5-7)  
DUF-201 (106 pps) \$16.95

An Introduction to Ecology and Environmental Responsibility

The salmon has been exploited for many years. The destruction and pollution of its spawning areas and over fishing is taking its toll on salmon stocks. Let your class

understand the need to ensure the survival of this powerful fish.

***A Salmon Tale*** (2-4)  
DUF-202 (105 pps) \$16.95

Follow the Salmon on its Magnificent Journey

Learn all about the tale of the salmon beginning with its life as an egg and ending with its miraculous journey back to spawn in the very place it was born. Your class will also learn the importance of this great fish and the need to protect it.

### ***School Fun***

***School's Cool*** (K-1)  
DUF-300 (95 pps) \$14.95

Help Your Students Learn About Their School And Develop Self Esteem

A new school year is an exciting time for both teachers and students. This theme unit is designed to introduce children to their school surroundings by providing fun, hands-on activities that promote learning, discovery and a sense of belonging.

***Totally Cool School*** (2-3)  
DUF-301 (93 pps) \$14.95

A Learning Adventure

Take your class on a learning adventure that will reinforce skills and introduce new ones. Students will learn about their school and

classmates by completing activities that promote higher level thinking skills.

### ***Winter***

***A Visit To The North Pole*** (K-4)  
DUF-101 (97 pps) \$14.95

Learn All About The Humans And Creatures That Inhabit The Arctic Region

Study the Inuit and their lifestyle and learn all about the wildlife found at the North Pole.

***Brrr, It's Cold!*** (K-2)  
DUF-203 (89 pps) \$14.95

Discover the Frosty World of Winter, Snow & Ice

Discover the wonders of the winter season with your class. Your students will have fun learning about snow and ice by doing the many hands on science experiments and language activities.

***Snow Wonder*** (3-6)  
DUF-204 (83 pps) \$14.95

A Science & Nature Experience

Winter is a magical time of year that lends itself to many different science discoveries. This hands on unit allows students to discover the world of winter around them from a scientific perspective.
